Tunes And Techniques - Cripple Creek

by Aaron O'Rourke

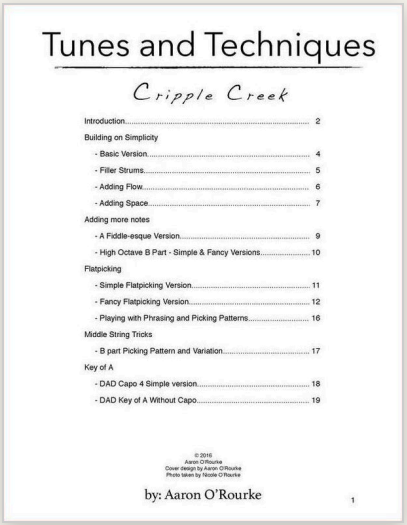

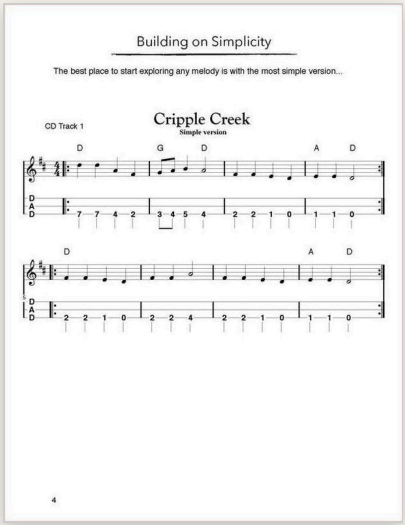

Learn mountain dulcimer technique through "Cripple Creek" with Aaron O'Rourke's Tunes And Techniques – Cripple Creek. This short instructional book takes the old-time tune as its core and uses it to teach fundamental techniques, plus some advanced ones.

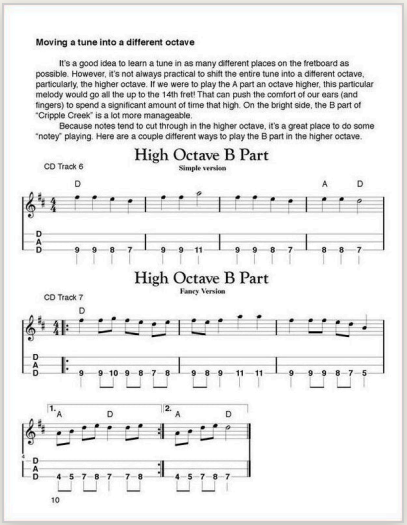

It's part of a five-book series from Aaron, one of the dulcimer world's most respected teachers and performers, with each book focused on one tune.
